

# TRAVIS W. PETERS

Ph.D. Candidate, Department of Computer Science, Dartmouth College, Hanover, NH  
(Email) [traviswp@cs.dartmouth.edu](mailto:traviswp@cs.dartmouth.edu) | (Website) <https://traviswp.github.io> | (Skype) [travis.w.peters](https://www.skype.com/people/travis.w.peters)  
(LinkedIn) <https://www.linkedin.com/in/traviswpeters>

## RESEARCH INTERESTS

Computer and Network Security; mHealth and IoT security; Trusted Computing; Mobile and Wireless Systems

## EDUCATION

**Ph.D., Computer Science** 2013 - present (expected: June 2019)

Dartmouth College, Hanover, NH

Thesis Title: "Securing Personal Devices and Networks in the Internet of Things (IoT)"

Advisor: Dr. David Kotz

Doctoral Committee: Dr. David Kotz, Dr. Sean Smith, Dr. Xia Zhou, Dr. José Camacho

**B.S., Mathematics & Computer Science** 2008 - 2012

Western Washington University (WWU), Bellingham, WA

## TEACHING EXPERIENCE

### Teaching

Problem Solving via Object-Oriented Programming (COSC 10), Dartmouth College Winter 2015

### Teaching Assistantships

Software Design & Implementation (COSC 50), Dartmouth College Spring 2016

Introduction to Programming & Computing (COSC 1), Dartmouth College Spring 2014

Problem Solving via Object-Oriented Programming (COSC 10), Dartmouth College Winter 2014

Introduction to Programming & Computing (COSC 1), Dartmouth College Fall 2013

Programming Fundamentals in C++ (CSCI 140), Western Washington University Fall 2012

Teaching Assistant, Family House Academy Summer 2009

### Guest Lectures

**Debugging with GDB and Valgrind**, Dartmouth College (COSC 50) January 2018, April 2017, April 2016

A 65-minute lecture on debugging program logic and memory leaks with GDB and Valgrind. This lesson includes an exercise where students get to discover and fix a buffer-overflow vulnerability.

Notes at <https://traviswp.github.io/classes/debugging-gdb-valgrind/>.

**Introduction to Pebble Development**, Dartmouth College (COSC 50) April 2016

A 65-minute lecture on programming on Pebble smartwatches and a culminating team project.

Notes at <https://traviswp.github.io/classes/pebble-project-intro/>.

**Three Kinds of Memory**, Dartmouth College (COSC 50) April 2016

A 65-minute lecture on understanding the different kinds of memory and basic memory management in C.

Notes at <https://traviswp.github.io/classes/memory/>.

## RESEARCH EXPERIENCE

**Research Assistant**, Dartmouth College, Hanover, NH January 2014 - Present

I collaborate with multidisciplinary teams to research security and privacy threats in mobile health (mHealth). My work focuses on system and network security within personal area networks and body area networks of health and wellness devices. Our work achieves security through the design and experimental validation of novel hardware and software architectures. My current research is investigating how to detect malicious or errant devices in networks of personal devices by developing models based on network traffic and conducting comparative analysis.

**Security Research Intern**, Intel Labs, Hillsboro, OR June 2016 - September 2016

Worked with industry experts to conduct a survey on security and privacy threats in the Internet of Things (IoT). Presented findings to researchers and product groups, helping others to develop a larger IoT security research agenda.

**Security Research Intern**, Intel Labs, Hillsboro, OR June 2015 - September 2015

Designed and implemented a security architecture to enhance Bluetooth security on Intel's SGX-enabled platforms. Published and presented a paper in *HASP'18*, and filed for a related patent.

## INDUSTRY EXPERIENCE

---

### **DevOps Engineer**, *Attachmate, Bellingham/Seattle, WA* *January 2013 - August 2013*

- Designed and built an automated virtual machine (VM) template management infrastructure using Chef and VMware's vCloud Director. The infrastructure automated how VMs running various operating systems (Windows, Red Hat Linux, SUSE) are deployed and maintained (patched & updated).
- Developed automation routines in Ruby, Bash, and Batch (install software, configure machine settings, etc.).
- Wrote and maintained design specifications and unit tests.

### **Software Engineer Intern**, *Attachmate, Bellingham, WA* *August 2012 - December 2012*

- Extended Luminet (enterprise fraud management system) to integrate with various Security Information & Event Management (SIEM) systems. The extensions used our customizable XML configuration file to enable network operators to configure Luminet to log to various SIEMs.
- Demonstrated correctness of code through implementation of unit tests & automated testing methods.
- Presented project results and live demo to the Luminet product team.

### **Mobile Developer & Intern Team Lead**, *Emergency Reporting, Bellingham, WA* *January 2012 - June 2012*

- Designed and implemented a mobile application to aid Fire/Rescue and EMS responders. This application enabled better in-the-field access to Emergency Reporting's cloud-based record and reporting management system. (Our work spearheaded what is now the InspectER mobile app.)
- Led team of four interns to implement compatible mobile application on iOS and Android platforms.
- Implemented data security (at-rest and in-transit), database access, and integration with Google Maps.

## OTHER WORK EXPERIENCE

---

### **Vice President for Business & Operations**, *Associated Students of WWU* *June 2011 - June 2012*

- Elected by the student body of Western Washington University (more than 15,000 students).
- Charged with overseeing the internal operations of the Associated Students programs, services, and facilities.
- Managed six other student managers of departments with as many as 20 employees each.
- Facilitated organizational budgeting process, employee hiring process, and internal program assessment.
- Chaired committee to develop operating & non-operating budget for fiscal year 2012 (\$3.1 million budget).

### **Marketing & Technical Associate**, *Caso Inc., San Antonio TX* *June 2010 - January 2011*

- Collaborated with the marketing team to implement search engine optimization of company website.
- Advised a team of department leaders to pilot a new organizational management system.

## TALKS & PRESENTATIONS

---

[**Workshop Talk**] BASTION-SGX: Bluetooth and Architectural Support for Trusted I/O on SGX. Workshop on Hardware and Architectural Support for Security and Privacy (HASP) at the International Symposium on Computer Architecture (ISCA), Los Angeles, California, June 2018.

[**Workshop Talk**] Physical Emanations and Potential Applications. Annual Trustworthy Health and Wellness Workshop, University of Illinois at Urbana-Champaign, Champaign, IL, September 2017.

[**Invited Talk**] An IoT Survey: Security, Privacy, and Safety in the Future of IoT. Intern Tech Talk Series, Intel Labs, Hillsboro, Oregon, September 2016.

[**NSF Research Outreach**] Fitbit Project: Discussing the Fitbit System, Data, and Security & Privacy Awareness. Hanover High School (Statistics Class), Hanover, New Hampshire, May 2015.

[**Invited Talk**] Delivering Secure Bluetooth Device Input to a Trusted Execution Environment. Intern Tech Talk Series, Intel Labs, Hillsboro, Oregon, September 2015.

[**Poster Presentation**] Security in IoT: What is IoT Security, Really?! Intel Labs Open House, Intel Labs, Hillsboro, Oregon, September 2016.

[**Poster Presentation & Demo**] Protecting Bluetooth Input from Malware. Intel Labs Open House, Hillsboro, Oregon, September 2015.

[**Poster Presentation**] Trusted I/O and Bluetooth Devices Intern Poster Show, Intel Labs, Hillsboro, Oregon, August 2015.

## TECHNICAL SKILLS

---

**Programming Languages:** Python, C, Java, Javascript, Matlab, x86 assembly, Bash, Ruby, SQL, L<sup>A</sup>T<sub>E</sub>X, HTML/CSS. **Software Development & Prototyping:** OSX, Linux, Android, iOS; Linux and Android Bluetooth stacks; Raspberry Pi, Arduinos, and other custom platforms (e.g., Amulet); Git, SVN, Perforce; Vagrant, Docker, Chef. **System & Software Inspection & Diagnostics:** software inspection, e.g., GDB, dtrace, strace, ptrace, perf; physical inspection, e.g., oscilloscopes, spectrum analyzers. **Data Collection & Analysis:** Wireshark, GNU Radio, Jupyter, MATLAB. **Wireless and Software Defined Radios (SDRs):** Ubertooth; USRP, LimeSDR; GNU Radio. **Databases & Web Frameworks:** MySQL, MongoDB; Node.js.

## AWARDS & HONORS

---

### Funding Acknowledgements

2014 - 2018

My research as a PhD student has been conducted under the guidance of my advisor, Dr. David Kotz, and has primarily been funded by two large, multidisciplinary NSF grants: Amulet ([amulet-project.org](http://amulet-project.org)), a collaboration between Dartmouth College and Clemson University; and Trustworthy Health and Wellness ([thaw.org](http://thaw.org)), a collaboration between Dartmouth College, U. Michigan, UIUC, Johns Hopkins, and Vanderbilt.

**Best Teaching Assistant Award**<sup>1</sup>, Department of Computer Science, Dartmouth College

2014 - 2015

**Outstanding Graduate Student Teacher**, Dartmouth Center for the Advancement of Learning

April 2015

**Graduate Student Teaching Award**<sup>2</sup>, Dartmouth College

2013 - 2014

**Dartmouth Fellowship**, Dartmouth College

2013 - 2014

**Oscar Edwin Olson Scholarship**, Western Washington University

2012

**Outstanding Winner, Frank Giordano Award**<sup>3</sup>, Contest in Mathematical Modeling

2012

**Kaiser Borsari Scholarship**, Western Washington University

2011 - 2012

**Giusti Scholarship**, Western Washington University

2011 - 2012

## LEADERSHIP & VOLUNTEER EXPERIENCE

---

**Topo Athletic Ambassador**, Topo Athletic

2018 - present

**Co-Webmaster**, Upper Valley Running Club

2018 - present

**Lead Sunday School Teacher**, Christ Redeemer Church

2014 - present

**Assistant Track Coach**, Hanover High School

Winter-Spring 2017

**Free Geek Build Volunteer**, Free Geek (Portland, OR)

Summer 2016

**Assistant Track Coach**, Hanover High School

Spring 2016

**Organizer & Facilitator**, Graduate Student TA Workshop

December 2015

**Graduate Student Council Rep.**, Dartmouth College Computer Science

2013 - 2015

**Graduate Student Web Team**, Dartmouth College Computer Science

2014 - 2015

**Lead Teacher & RK Coordinator**, Redeemer Kids at Redeemer Church

November 2011 - June 2013

**Vice President of Business & Operations**, Associated Students of WWU

June 2011 - June 2012

**Chair**, AS Management Council & AS Facilities & Services Council

June 2011 - June 2012

**Vice-Chair**, AS Board of Directors & AS Budget Committee

June 2011 - June 2012

**Member**, Academic Honesty Board

June 2011 - June 2012

**Big Brother**, Big Brothers Big Sisters of Whatcom County

September 2010 - September 2011

**4-year member of Varsity Track & Field**, Western Washington University

2008 - 2012

**4-year member of Junior Varsity Cross Country**, Western Washington University

2008 - 2011

---

<sup>1</sup>An award voted on by all CS faculty at Dartmouth.

<sup>2</sup>An award given to only three graduate students across Dartmouth.

<sup>3</sup>Less than 3% of teams (10 out of more than 3,600) are selected as Outstanding Winners of the contest.
